

Deskripsi Singkat MK	The course focuses on enhancing students' speaking and listening abilities, essential for effective daily interactions. A special focus is given to the Sustainable Development Goals (SDGs) 4 (Quality Education) and 5 (Gender Equality) to emphasize inclusive and equitable communication practices. Teaching approaches include interactive lectures, group discussions, role-playing, and practical workshops. Assessment involves a combination of projects, case studies, and reflective reports. Projects require students to develop and deliver presentations on real-world scenarios, while case studies analyze effective and ineffective speaking and listening practices. Reflective reports encourage self-assessment and continuous improvement. By the end of the course, students will be equipped with the skills to communicate confidently and effectively, fostering collaboration and understanding in diverse professional settings.
